

## Call for Papers / Participation

### About the Conference

The objective of this Scopus indexed International Conference on Intelligent Computing and Communication (ICICC - 2024) is to present a unified platform for advanced and multi-disciplinary research towards design of smart computing, information systems, electronic systems. The theme focuses on various innovation paradigms in system knowledge, intelligence and sustainability that may be applied to provide realistic solution to variegated problems in society, environment and industries. The scope is also extended towards deployment of emerging computational and knowledge transfer approaches, optimizing solutions in a variety of disciplines of Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Electronics and Instrumentation Engineering. The conference proceedings aim to publish unpublished work pertaining to the topics mentioned below. The conference is scheduled to be held on August, 2024 at CMR Technical Campus, Hyderabad, Telangana, India

### Indexing

The Proceedings of ICICC 2024 will be published in Springer Series (awaiting for approval). This book series will be submitted to SCOPUS Indexing, EI Compendex, INSPEC, SCImago and DBLP. All ICICC-2024 registered and presented papers will be published in conference proceedings by Springer Lecture Notes in Networks and Systems (LNNS) Series and will be available online on Springerlink. All books published in the series are submitted for consideration in Web of Science.

### About CMR Technical Campus

CMR Technical Campus is an UGC Autonomous Engineering College established in the year 2009, under aegis of CMR Technical Education Society with NBA and NAAC accreditation with 'A' grade. The institute received an All India Rank of 201-250 band in National Institutional Ranking Framework (NIRF) consecutively for the years 2021, 2022 and Innovation Ranking with band 151-300 for the year 2023, Excellent band in Atal Rankings of Institutions on Innovation Achievements (ARIIA-2021). The lush green Campus, situated in Kandlakoya, Medchal Road has been first choice option to both Urban and Rural students of Telangana. With well established Teaching & Learning processes, the students are imparted the best of the technological knowledge.

The scope of this conference has been kept wide and following are the topics covered (but not limited to):

- Artificial Intelligence
- Computational Intelligence
- Cognitive Computing
- Cloud & Fog Computing
- Deep Learning
- Intelligent Control Agents
- Internet of Things
- Machine Learning
- Big Data Tools & Technologies
- Search Engines and IR
- Optimization Algorithms
- Cyber Security
- Mathematical Modeling
- Image and Video Processing
- Satellite and Optical Communication
- Geographics Information Systems
- Bio Informatics
- Data Analysis and Visualization
- Real Time Operating Systems
- Robotics
- Mobile Computing
- Other topics related to ICICC Theme
